### SHORT DESCRIPTION:

Exciting role for an Auto Electrician to work in the renewable energy industry with an innovative successful start-up business, located in Berkeley Vale, NSW.

### ABOUT THE COMPANY

Janus Electric's breakthrough technology utilises current electrical infrastructure to create a 100% carbon-zero solution for electrifying Australia's road transport fleet using renewable energy.

Janus Electric's solution has a unique ground-breaking battery technology developed by professional engineers and transport operators dedicated to providing Australian road transport businesses with a smarter, safer, and cleaner alternative that will put them at the forefront of the next phase of road transport globally.

### ABOUT THE ROLE

Reporting to the Truck Integration Foreman this position is a critical member of our team, responsible for installing, maintaining, and repairing electrical wiring and components associated in the conversion of diesel trucks to battery electric. You are someone that thrives when working with mechanical systems and problem-solving.

Key responsibilities include:

- Diagnosing electrical issues and proposing a course of action
- Servicing and repairing electrical systems on heavy vehicles, whilst remaining in compliance with current National Electric Code
- Maintaining a clean working environment
- Completing job reports and processing paperwork
- Survey electrical systems, circuits, and plans

## SKILLS AND EXPERIENCE

- Certificate III in Automotive Electrical Technology
- A passion for safety and ability to influence health & safety practices
- Competence with electrical systems and wiring
- Proficiency in using tools and instruments
- Logical and clear thinking
- Problem-solving skills
- Strong attention to detail

## BENEFITS

- A great culture that is driven by making a difference
- Competitive hourly rates with regular reviews
- Career potential with a fast-growing start-up company! Grow with us!
- Work in an environment where you are encouraged to share innovative ideas and think outside the square
- Uniform supplied

## HOW TO APPLY

If this role appeals to you, please email your application cover letter and resume to [job@januselectric.com.au](mailto:job@januselectric.com.au).
