This is an exciting role for an Electrician to work in the renewable energy industry with an innovative business in Berkeley Vale, NSW.

ABOUT THE COMPANY

Janus Electric's breakthrough technology utilises current electrical infrastructure to create a 100% carbon-zero solution for electrifying Australia's road transport fleet using renewable energy.

Janus Electric's solution features unique, ground-breaking battery technology developed by professional engineers and transport operators dedicated to providing Australian road transport businesses with a smarter, safer, and cleaner alternative that will put them at the forefront of the next phase of road transport globally.

ABOUT THE ROLE

Reporting to the Battery Foreman, you will inspect, test, repair, install, and modify electrical components and systems in the Janus Electric Side Battery and Janus Charge & Change Station. You must be willing to work overtime when required.

RESPONSIBILITIES

- Install, maintain, and enhance electrical systems and components, including fuses, lights, and wiring.
- Inspect, test, and diagnose issues with electrical systems and components.
- Perform all work in a manner that meets and follows electrical codes, blueprints, and standards.
- Test electrical systems and components to ensure they are functioning correctly.
- Complete required documentation of repairs and service information.
- Ensure adequate inventory of necessary supplies and parts.
- Calibrate equipment to provided specifications.

- Perform preventative maintenance on electrical systems and components.
- Troubleshoot problems and make timely repairs.

SKILLS AND EXPERIENCE

- Completion of Certificate III in Electrotechnology Electrician (UEE30820) as part of an apprenticeship required.
- 3-5 years of electrical experience
- Excellent communicator
- Working knowledge of electrical theory and the associated principles, materials, and equipment
- Comfortable reading and understanding electrical blueprints, schematics, and diagrams.
- Valid driver's license

BENEFITS

- A great culture that is driven by making a difference.
- Competitive hourly rates with regular reviews.
- Employee rewards program.
- Career potential with a fast-growing start-up company.
- Work in an environment where you are encouraged to share innovative ideas and think outside the square.
- Uniform supplied.

HOW TO APPLY

If this role appeals to you, please email your application cover letter and resume to job@januselectric.com.au.
